CT-E301/601

ANTI-MICROBIAL CASE

Safety for you and you customers

Outer case is infused with anti-microbial additives, that suppresses bacterial growth and protects the product against bacteria build-up.

"The SIAA brand mark is borne on products evaluated according to ISO 22196 and they are under quality control and information disclosure by the guidelines of the Society of International sustaining growth for Antimicrobial Articles. The printers contains a biocidal product for the preservation of the outer case (antibacterial treatment to prevent deterioration by microorganisms). Active substances contained: Silver Zinc Zeolite."

SIAA

**SELF-PROTECTIVE
HOUSING**

CT-E301/601

DISINFECTANT READY

Chemical resistance

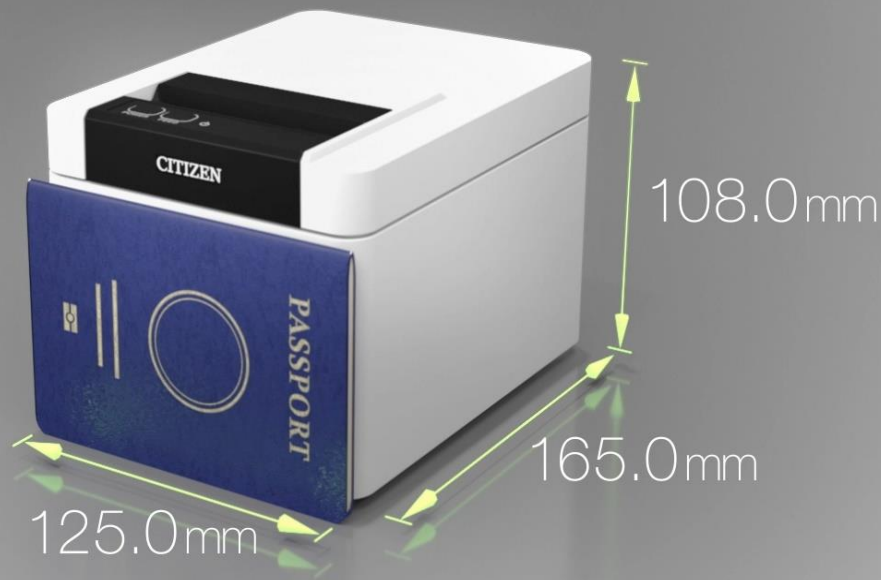

Design to withstand the harsh chemicals in cleaning products used to get rid of germs and viruses in a variety of surfaces

CT-E301/601

ULTRA COMPACT

**Perfect match between high
performance and functional design**

- Modern high-end design that does not compromise speed or performance
- Made to fit into tight spaces and with applications with limited counter space
- Same height of a cash drawer.

Without anti-curl

With the anti-curl function

CT-E301/601

ANTI-CURL FUNCTION

**Improves transaction speed
and safety**

Faster receipt removal, optimizing transaction timing by reducing checkout touchpoints.

CT-E301/601

SINGLE-HAND OPERATION

One motion lever

The lever can be used to open and close the top cover using only one hand for quick opening, loading and closing

CT-E301/601

KIOSK INTEGRATION

**The vertical mounting possibility
makes it perfect for kiosk integration**

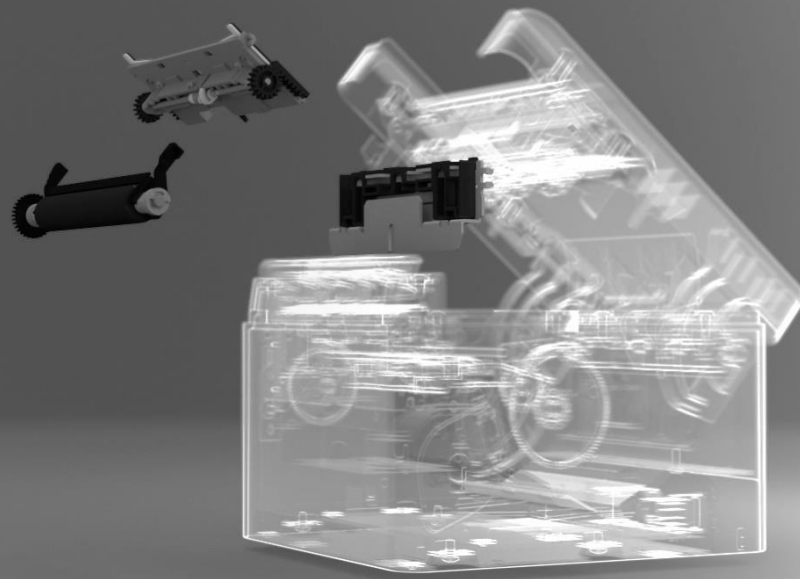

The printer's 'front-to-back' size is just 110mm,
perfect for keeping the kiosk cabinet depth as
small as possible.

CT-E301/601

EASY MAINTENANCE

**Print head, cutter and platen
unit are detachable**

Easily remove components for
maintenance when necessary to
extend the life of your printer

CT-E301/601

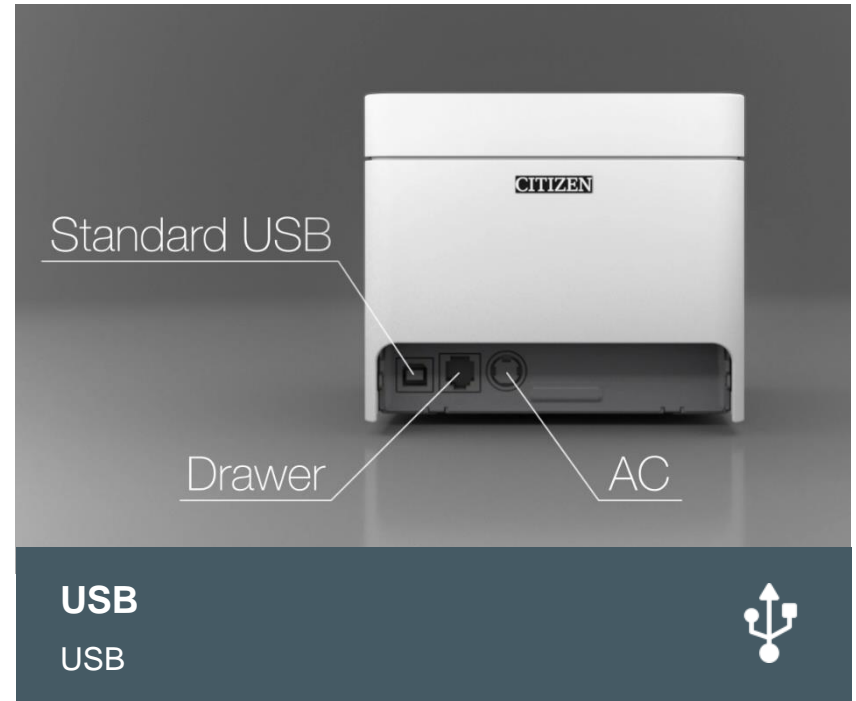

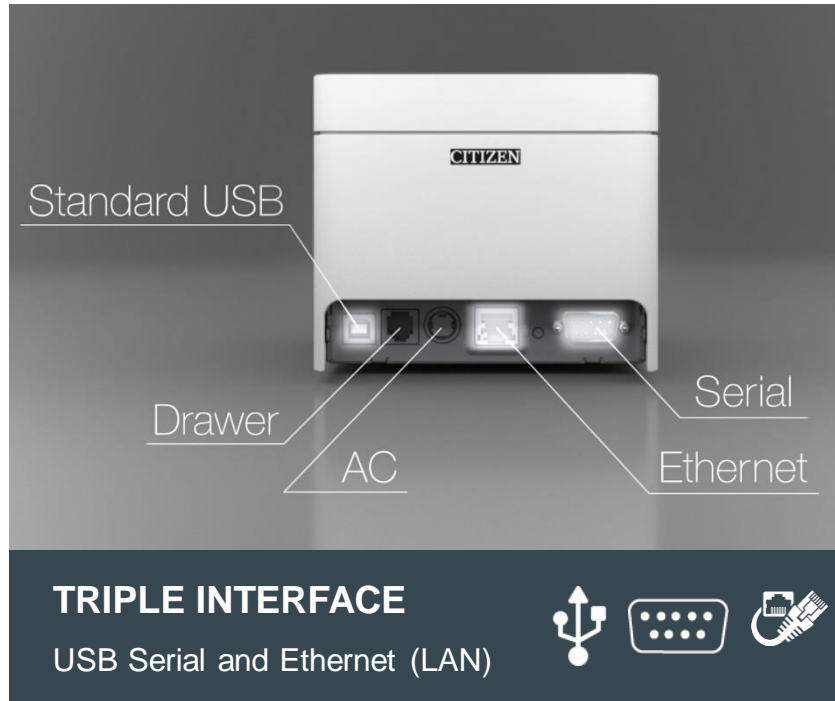

ULTIMATE CONNECTIVITY

The modern POS printers are made to fulfill your mPOS printing requirements, featuring:

- Multiple interfaces
- Mobile but also stationary printers
- Windows, Android, Apple iOS & macOS™, Linux
- SDKs, APIS and other toolkits
- OPOS, JavaPOS and ESC/POS™
- Printer upgrades
- Easy set-up, simple to use solutions

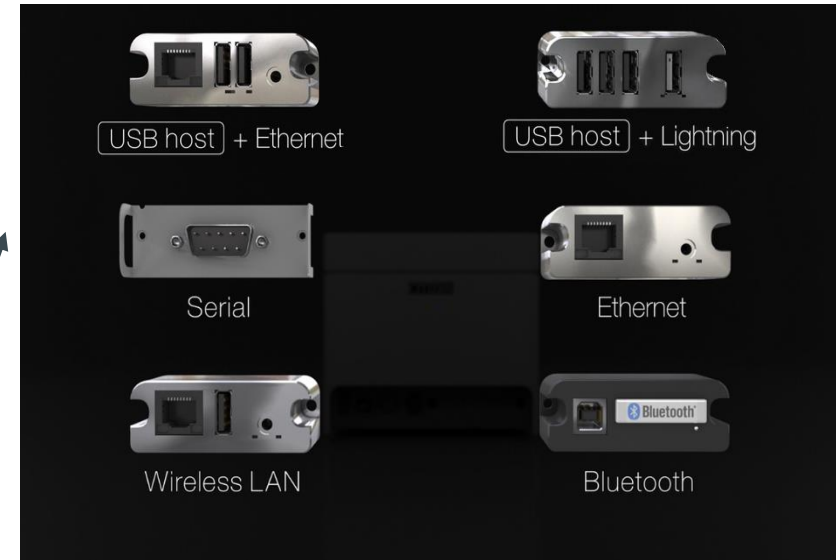

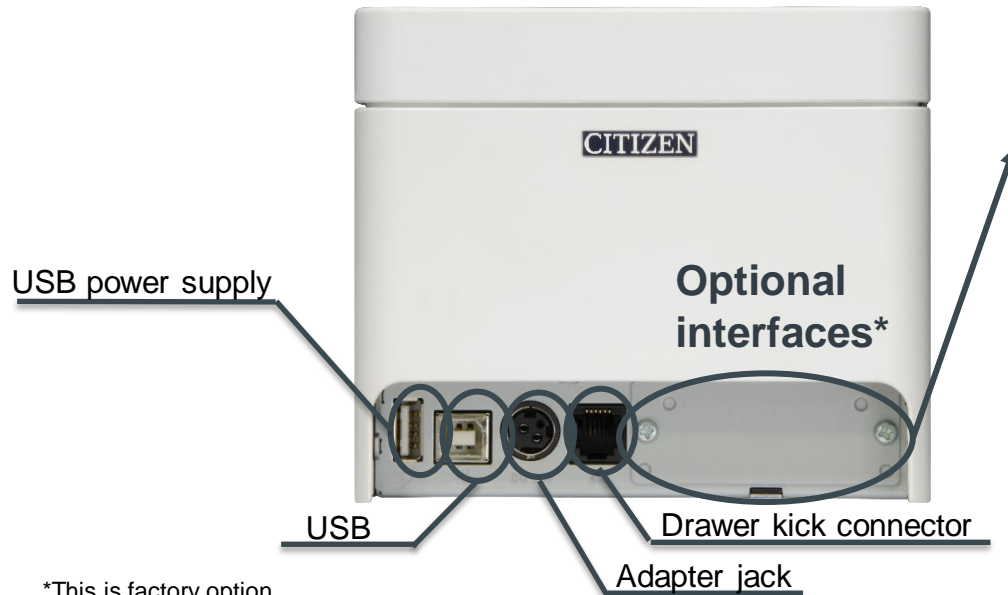

CT-E301 TOP EXIT 3" POS PRINTER INTERFACE CONFIGURATION AVAILABLE

CT-E601 TOP EXIT 3" POS PRINTER | INTERFACES

6 types of optional interfaces can be selected*

*This is factory option.

CT-E601 TOP EXIT 3" POS PRINTER ADDITIONAL FEATURES

PAPER JAM SENSOR

The sensor detects paper's distortion errors. This function can lessen paper and cutter jams

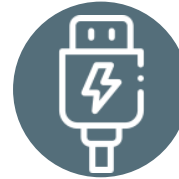

Paper jam sensor used

Without paper jam sensor

The sensor stops the printing process when the paper exit is blocked. Printing is resumed when paper exit is clear and paper is re-loaded.

USB CHARGING

Power up additional devices: charge tablet devices like an iPad or Android tablet or phone.

USB port Power delivery: 2.1 Amps

CT-E301/601

ASIAN ALPHABETS

Support for Asian languages

- Ideal for printers used in a variety of restaurant's kitchens
- Supporting UTF-8 mode natively and also with Citizen's SDKs.

*Including character composition / positioning
